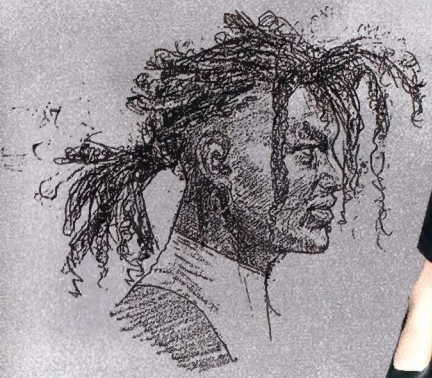
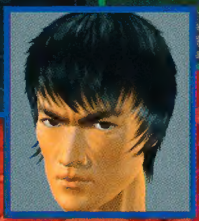
Nina Williams

In the last tournament she was ordered to assassinate Kazuya Mishima, but an untimely quarrel with her sister Anna prevented it. Shortly thereafter, both sisters were captured by Kazuya's corps and were used as guinea pigs in Dr. Boskonovitch's Cold Sleep No. 2 experiment. They did not wake for 15 years. The unearthing of Ogre unleashed his spirit which awakened Nina's resting soul. Now controlled by Ogre Nina acts robotically with the command to assassinate Jin Kazama.





Forest Law

The proud son of Marshall Law, Forest trains at his father's dojo to achieve Law's success and greatness. As a protective father, Marshall has forbidden his son from entering any contests outside the dojo. One day when Paul Phoenix visited, Marshall was away supervising the building of a new dojo.

Unaware of Marshall's restrictions on fighting, Paul suggested to Forest that he join "The King of Iron Fist Tournament 3". Forest knew his father would be angry, but he had to prove that he was worthy of one day inheriting the dojo.

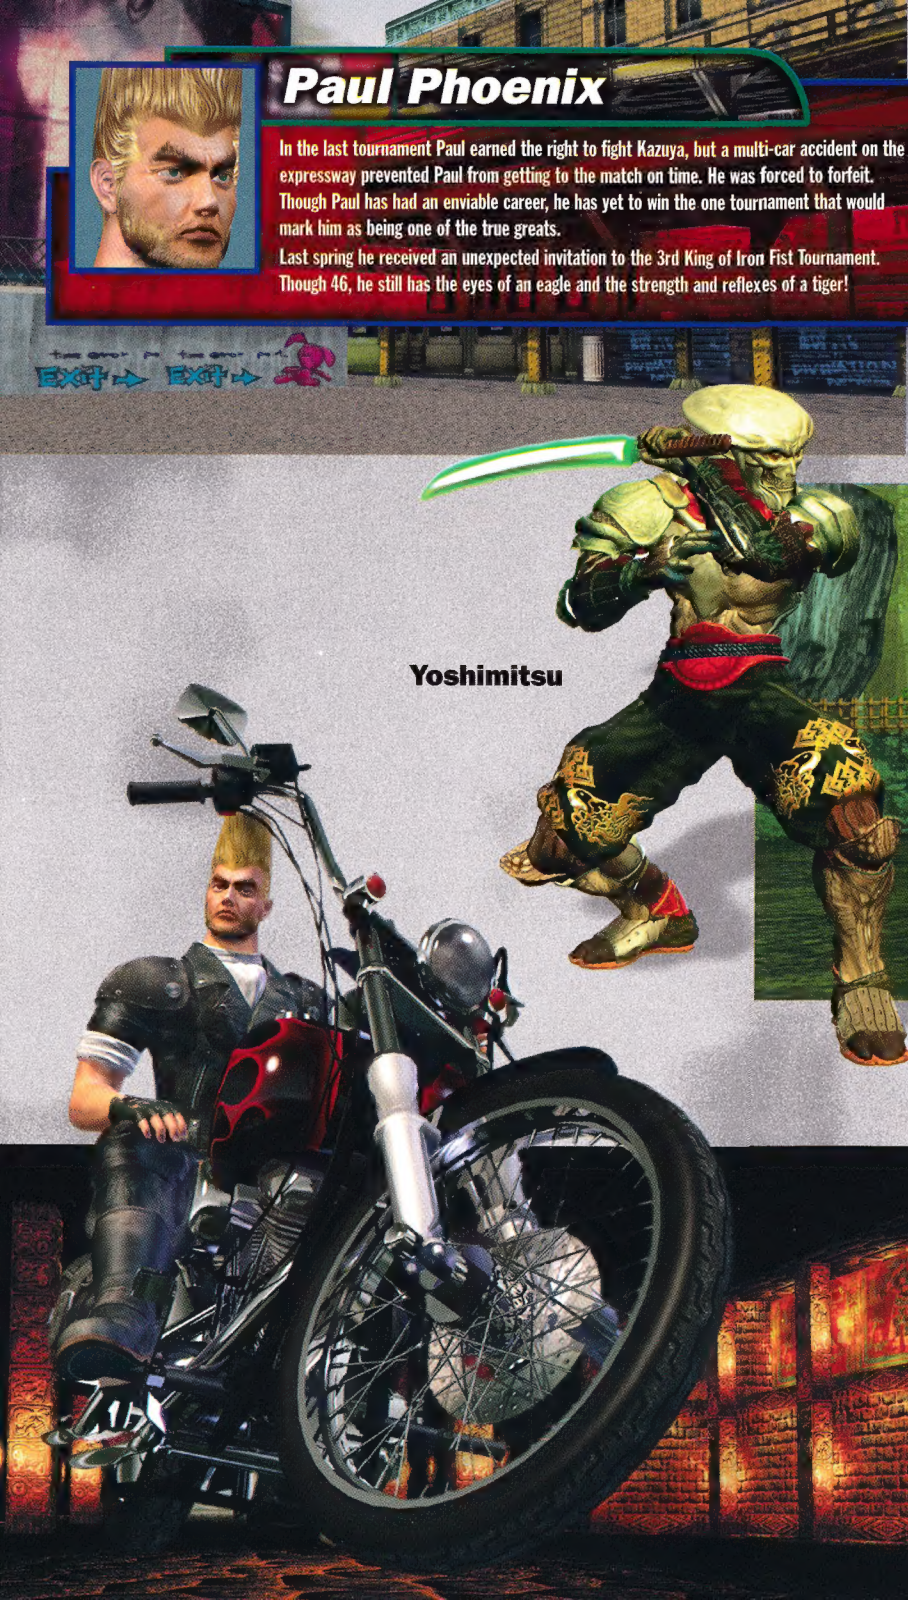
Paul Phoenix

In the last tournament Paul earned the right to fight Kazuya, but a multi-car accident on the expressway prevented Paul from getting to the match on time. He was forced to forfeit. Though Paul has had an enviable career, he has yet to win the one tournament that would mark him as being one of the true greats.

Last spring he received an unexpected invitation to the 3rd King of Iron Fist Tournament. Though 46, he still has the eyes of an eagle and the strength and reflexes of a tiger!



Tiger Jackson

King

He's really King the Second. Raised in King's orphanage, he was 24 years old when the original King was killed. He put on the mask and assumed the role of King's successor, in order to honor his mentor and save the orphanage.

Four years have passed and King the Second is now a skillful wrestler. Feeling the time is right, Armor King tells his student that Ogre was responsible for King's death. Armor King breaks down in tears as he tells the gruesome story. King the Second now knows his purpose in life.

Jin Kazama

At the age of 15, Jin found out that he was Kazuya Mishima's son. At the same time, he lost his mother, Jun Kazama. Jin trained himself under the supervision of Heihachi Mishima every day with the intention of defeating Ogre who is supposed to have killed his mother. Heihachi was not only his grandfather but also a reliable teacher. Four years have passed. Having mastered the Kazama style of Judo and Mishima style of fighting karate, Jin starts to take action as a martial artist.

Heihachi Mishima

Heihachi retrieved the Mishima Financial Empire by defeating his son. Scheming to further develop the MFE, Heihachi organized "Tekken Force," the MFE's private army and dispatched it to settle disputes.

Fifteen years later, a secret excavation by the Tekken Forces in Central American ruins unearthed an unusual find. The Forces were annihilated by a mysterious being. Heihachi realized that the mysterious being could be the legendary Ogre, and took action to realize his life's goal: to capture Ogre and therefore rule the world.

Julia Chang

As a baby, Julia was deserted in the ruins of ancient Native American settlements, where Michelle Chang found her. Michelle raised her with love.

When Julia was 18, stories of sudden disappearances of famous martial artists all over the world began to reach their tribe. People in the tribe feared that Michelle's sacred pendant had something to do with the disappearances.

With apprehension spreading through the tribe, Michelle left for Japan to ask Heihachi why he had sought to take the pendant during the second tournament. Michelle did not return. Julia suspects Heihachi, and she seeks him out to discover the truth.
